Valentine's Day

What day is it?

It is Valentine's Day!

The background of the entire page is a dense arrangement of heart-shaped objects in two shades: a vibrant red and a soft pink. These hearts, which appear to be made of a fabric-like material with a slight sheen, are scattered across a dark, textured wooden surface. The hearts are of various sizes and are layered, creating a sense of depth. A magenta banner with a slight drop shadow is positioned at the top, containing the text.

It is Valentine's Day.

The background of the entire page is a dense arrangement of heart-shaped cutouts in two colors: a vibrant red and a soft pink. These hearts are scattered across a dark brown, textured wooden surface, which is visible through the gaps between the hearts. The hearts vary in size and are layered, creating a sense of depth.

I see the hearts.

It is Valentine's Day.
